The Evangelism Trailer

The Evangelism Trailer is an evangelistic tool of the Association. It is our desire that the Evangelism Trailer be used for the purpose of propagating the Gospel through church events, block parties, and other functions where the primary purpose is to share Christ and glean prospects. The Evangelism Trailer is not intended to be used solely for recreational purposes – it is a tool for evangelizing lost souls.

The trailer contains a snow cone machine, popcorn machine, bouncy house, tables, tent, grill and generator.

For more information regarding the Evangelism Trailer or if your church is interested in reserving the Evangelism Trailer, contact the Associational Office.
